

# D'Inverno sul Po

Dear worldwide friends

from France, Germany, Greece, Ireland, Portugal, Romania, Spain, Switzerland, The Netherlands, The UK...,

those of you who come from Algeria, Argentina, Israel, the United Arab Emirates...,

those of you, young and “more mature”, who every year challenge yourselves on the waters of our Po river in Turin, during those cold February days,

you have always been and will always be a fundamental and undeniable part of D'INVERNO SUL PO since its very first edition in 1983.

Together we have toiled and triumphed, we have embraced each other and greeted or parted festively, always joyously saying “*Arrivederci*, ‘til next year!”

This year unfortunately, this will not occur: COVID-19 is keeping us afar; the rigid yet necessary health protocols will hinder us in welcoming as usual those who are travelling from beyond the Italian borders. Although we are trying to organize the 38th edition of D'INVERNO SUL PO, amidst great difficulties and uncertainties, it will undoubtedly be in lesser form without our traditional challenges between Junior and Senior 8+ teams from Italy, France, Germany, Romania..., or between the intrepid worldwide Masters, all competing for the podium...

Nevertheless, rest assured that we await you all for the 2022 edition, in festive and motivated custom as it has always been, sending you all the most important wish: may COVID-19 leave no one with painful wounds or profound grievances amongst your loved ones and friends.

Dear friends,

**ARRIVEDERCI UNTIL 2022!**
